

Build A School In India

How to Donate

100% of all funds donated to Build a School in India (BSI) in the U.S. are sent to India and utilized for projects with no deductions for administrative overhead, marketing, etc. This is possible because BSI is a founding partner and registered program of Partners For Better Futures (PBF). PBF and other volunteers provide support and services at no cost to BSI.

Additionally, matching funds may be available to double your contribution. The matching funds are received from BSI's leadership group in India and the U.S.
